## What's New in the AutoCAD?

The Import and Import3D windows now display properties of imported geometry and groups (checkbox) so you can easily see changes made to imported geometry. A new Cursor that you can double-click or right-click to access dialog boxes. You can now use a flexible toolbar across multiple AutoCAD windows, automatically updating as you use new windows. Features & Improvements: You can now use only one keyboard shortcut to open all your project-specific dialog boxes. You can use the Pan tool to make zoom-to-fit views that snap to grid and Ortho views. Version 2023 supports importing PDF drawings directly into drawings, including drawings from a new.PDF Import option. You can now easily work with other engineers and contractors with the new Connection Manager, which you can set up as you create layouts. A new Linked Network Database (LND) now automatically tracks and connects to cloud databases, allowing you to connect to share design data and work from any computer with a network connection. With the free Dynamic FABs feature, you can add a new category to a FAB on a drawing with one click. Updated Software: AutoCAD 2023 adds a new.PDF Import command, as well as a new.BMP Import command. AutoCAD 2023 includes a comprehensive set of new AutoLISP functions for many types of geometry editing, drawing, and database operations. Version 2023 includes updates to the software's optional Linework and surfaces functionality. The Update Advisor now supports Exchange Server. Revisions to the AutoCAD Point Cloud function have improved performance and added a new dialog box. Requirements: To run AutoCAD, you need to use Windows 10 or a later version of Windows. You need at least 64-bit edition of Windows 7 or Windows 8.1 with Service Pack 1. You need Windows Installer 3.1 or later to install AutoCAD. If you have earlier Windows Installer, you can still install AutoCAD through Windows Update, or install it using the standalone installer. If you are using a Windows Installer-based installer that is configured to use an enterprise key, you must also have an enterprise key installed. For more information about how to install and run AutoCAD, see the Auto
